To

The Chief Secretary to the
Dewan of Mysore

Sir,

With reference to the concluding portion of your No. 1670 and 2140, dated 3rd and 27th March 1887 respectively, regarding the opening of Local Fund Dispensaries at Gubbi, Turuvekere, and Kookoto, and requesting expression of opinion as to whether there may be other places more in need of dispensaries than these, and if there are Hospital Assistants available, I have the honor to inform you that I can arrange to spare the services of four Hospital Assistants for charge of L. F. Dispensaries, which, however will leave me but a small working reserve, but which I hope the Dewan will supplement.

I would have replied sooner but have been waiting to hear something definite from

H.

the Deputy Commissioners of Chicholi and Kolar Districts. The latter wrote and said Gudibanda wants a dispensary, but I wrote back to him on the 27th March saying that, if I remembered rightly, Chinta-moni was recommended on a previous occasion, and asked him to kindly look into the matter again, and Compare the claims of Gudibanda, Chintamani and Mulbagal as regards population, unhealthiness, and distance from Medical aid, and let me know the result, and enform me if funds were available, but I have not since heard from him. I think there ought be three more dispensaries, viz, one in each of the towns above mentioned, in addition to the present one at Chickballapur.

The Deputy Commissioner of Chickaldroog recommends Hiriyur because of its unhealthiness, which I know to be a fact, population 4110, and distance (24 miles) from nearest Medical aid. This District has at present only one dispensary, viz at Davangere, but I think it ought have three more, viz, one at Hiriyur, one at Holalkere, and one at the head quarters of the Doderi or Kanakapa Taluqs.

The

The Deputy Commissioner of Kaira who wants a dispensary at Ankalgode, which is a large town in a favorable part of the Country, reports that funds are available, and I recommend its being sanctioned

I therefore recommend the disposal of the four Hospital Assistants as follows:—

One to Hegga d avankote, which has already been sanctioned which will be opened very soon, as the Deputy Commissioner says funds are available

One to Hiriyur, one to Ankalgode, and one to Kodkote, which is a town of some importance, though not so very unhealthy, but a building has been constructed and funds are available

The last three require the sanction of the Dewan

I think Gubbi and Channarayapatna, which are large but healthy towns, can wait until more Hospital Assistants are available

Write respectfully to the staff of Hospital Assistants, I beg to remind the Dewan that two vacancies occurred lately, one by the retirement on pension of Mr. C Hospl Asst Chitaldroog

Hiriyur
Kodkote
funds are available
Bog
14/5/87

and the other by death of 2d C. L. Assistant Assistant Surgeon Pillay and I request permission to entertain two Hospital Assistants to fill these vacancies, and in addition permission to entertain three or four additional ones, viz; five or six in all, if I can get good men.

It is desirable to have some spare men to provide for Contingencies, and to be available for any new dispensaries which may be sanctioned, and it is necessary to have them some time before they may be required for independent Charge, so that they may undergo some training at one or other of the Hospitals at the head quarters of districts

The pay of the 1st class hospital Assistant who retired and of the 2d C. L. Assistant who died leaves Rs 100/ a month available and there is ample provision in the budget for the rest. -
